

MODEL HOME IN INDIA

Our Distributor in India requested a exclusive design, with some transparent sections on walls and roof, as well as adding a beautiful waterfall on the Facade, which make this house design exotic and unique.

The completed house will serve as an exhibition and sales office for the booming and wonderful Indian market.

A custom Architectural design like few in the world, to be presented through the mass media and social networks to show the great advantages, the beauty and design versatility of the Green Magic Homes technology.
